Dave,

We have truly appreciated your dedication and hard work over the years. Your attention to detail and prompt feed back, makes us feel like we are your only client. The personal attention you give us makes us feel as though you are our own investigation company. Your team is always precise, and pleasant to work with. Also, you are able to maintain an extremely friendly, but always professional relationship with everyone our staff.

We enjoy working with you and your team, and we look forward to continuing our partnership into the future.

Sincerely,

Darcy Adcock
